## INTRODUCTION

Introducing **"EVWala"**, the pioneering concept of India's multi-brand organized retail chain exclusively dedicated to electric vehicles (EVs). This initiative is designed to make electric mobility accessible, convenient, and environmentally sustainable for every individual.

## ABOUT US

**"EV Wala"** stands as a trailblazer in India's organized retail chain for the electric vehicle industry. Our core mission centers on providing high-quality battery-operated two-wheelers that cater to every Indian at accessible price points. Our comprehensive range of options, coupled with an unwavering focus on delivering exceptional customer service, aims to revolutionize the very essence of commuting. Through offering compelling choices and top-tier support, **"EV Wala"** seeks to lead the charge in reshaping the landscape of transportation towards electric mobility.

In essence, **"EV Wala"** envisions an India where electric mobility is within everyone's reach. By offering quality products, affordability, and unparalleled customer support, we aspire to catalyze a significant shift towards sustainable transportation and pioneering innovation.

## VISION

Our vision at **"EV Wala"** is to usher in a future where every Indian citizen can effortlessly embrace the convenience and eco-friendliness of electric vehicles. Our overarching goal is to contribute to a transportation ecosystem that places sustainability and ease at the forefront.

## MISSION

The mission of **"EV Wala"** is dual-fold. Firstly, we are committed to delivering robust and top-quality battery-operated two-wheelers at prices that remain affordable. This commitment extends beyond the initial purchase, ensuring an exceptional after-sales service experience. Ultimately, we aim to democratize electric mobility, making it a viable option for all segments of the Indian populace.
